

KOKUSAI KEISO (THAILAND) CO., LTD.

COMPANY PROFILE : KOKUSAI KEISO (THAILAND) CO., LTD.

Company Name	KOKUSAI KEISO (THAILAND) CO., LTD.
Address	136/6-7 Mu 3, T. Banchang A. Banchang, Rayong 21130, Thailand
Tel	66 (0) 3860 2016, 2028
Fax	66 (0) 3860 2125
E-mail	thawin@kokusai.co.th
Website	http://www.kokusai-keiso.co.jp
Background	<p>We can meet any type of electrical installation, instrument installation and control need in any type of industry with our integrated capability for planning, design, procurement, installation, calibration, commissioning, maintenance and fabrication of control panels.</p> <p>We have employed a large number of reliable electrical, instrumentation and system engineering who contributed to the high evaluation of this company by our customers.</p> <p>We also have a wide range of experience in overseas jobs, which has taught us how to serve our needs more fully in such areas as the transfer of technology.</p>
Paid Up Capital	BAHT 8 Million
Bankers	The Bank of Tokyo-Mitsubishi UFJ Ltd
Staff Strength	50 Employees
Key Personnel	Managing Director Tsutomu Sato Deputy Manager Thawin Namwong
Nature of Business	<p><u>System Engineering</u></p> <p>Kokusai Keiso is ready to meet all your requirements with our competent system engineers. Our staff offers highly reliable technical services in building various computer systems as well as instrumentation systems beginning with consulting, designing and fabrication and ending with maintenance.</p> <p>Service available:</p> <ul style="list-style-type: none"> - Analysis and design of systems - Development, design and fabrication of microcomputer application systems - Development, design and fabrication computer applied systems - Consultation on software development <p><u>Instrumentation Engineering</u></p> <p>Kokusai Keiso has 200 instrumentation engineers with experience in design work for automation in various categories on industry. From consulting through detailed design using data supplied by users, our engineering staff offers the following services:</p>

- Basic design
- Detailed design
- Procurement of instruments and other control equipment
- Design and procurement service for various works incidental to instrumentation engineering
- Commissioning of instrumentation facilities

Instrument Installation Work

Kokusai Keiso has worked at major plant sites overseas and at home and ranks first in Japan in terms of the amount of contracts and turnover of instrument installation work. We have executed the instrument works for various categories of plants, including petroleum, gas, petrochemical, chemical, steel, electric power, paper, food processing, medical, pollution control as well as a space rocket launching complex, to name just a few.

Electrical Work

Kokusai Keiso offers integrated services covering consultation, design, procurement, installation and maintenance after completion.

Our competent engineers take complete charge of the following services:

- Drawing of one line diagrams
- Selection of distribution systems and electrical equipment
- Procurement of electrical equipment
- Drawing of control sequence diagrams
- Design and fabrication of distribution boards and control panels
- Working drawings for electrical work
- Execution of electrical work
- Design and installation of accident prevention facilities
- Maintenance of electrical equipment

PRINCIPAL PRODUCTS/SERVICES

The scope of our services are:

- (1) Engineering of instrument and electrical installation
- (2) Plant construction coordination and management
- (3) Installation supervising
- (4) Commissioning and start up
- (5) In the plant training
- (6) Consulting services
- (7) Instruments calibration
- (8) Studies on plant revamping

MAJOR CUSTOMERS/PROJECTS

- MES Mitr Project Services Co., Ltd
- TSK Engineering (Thailand) Co., Ltd
- Siam MESCO Co., Ltd
- Sumitomo Chemical Co., Ltd
- Shim-Etsu Engineering Co., Ltd
- Siam Mitsui PTA Co., Ltd
- UBE Nylon (Thailand) Ltd
- Sumipex (Thailand) Co., Ltd
- Yamatake (Thailand) Co., Ltd
- Elastomix (Thailand) Co., Ltd
- Toshiba Corporation
- Chiyoda Thailand Ltd
- Thai Olefins Company Limited
- Star Project (Refinery) - Map Ta Phut
- UBE Raynol Project (Nylon Plant) - Rayong
- TORSSM CRM Project (Cold Mill Complex) - Bang Saphan
- K2T Project (Polyacetal Plant) - Map Ta Phut
- SSM Project (Strip Mill Complex) - Bankhai
- Sunstar Project (Adhesive Plant) - Samut Prakarn
- TEC-2 Project (Epoxy Plant) - Map Ta Phut
- Thai Lube Project (LOBP Plant) - Samut Sakorn
- AIT Project (Polycarbonate Plant) - Map Ta Phut
- SMPC Project (Purified Terephthalic Acid Plant) - Map Ta Phut
